

## Mulberry Moon Farm - Farm Share Box Examples

One of the questions we get asked the most is, "What will I get in my share?"

Our Farm Share program gives you a unique box of veggies each week, based on the preferences you set when you sign up. You can then *further* customize your box by swapping items, adding extras, etc. every week by logging into your account. So, everyone's weekly box will look different, depending on the variety available that week. As for variety, that changes monthly as the season goes on; but we do strive to have 15-30 items available to choose from each week.

Below, you can find examples of **REAL** veggie boxes received by members in 2022. Each week shows 3 different boxes received by 3 different members, both for the regular and large size share. We hope this helps you decide if the Farm Share is right for you!

- Farmer Kim

p.s. These are just the veggies; you can also add other items to your share like honey, maple syrup, flowers, sunflower oil, and occasionally local fruit as well!

| Week 2 (June 16)                   |         |                           |         |                                    |         |
